47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Before discovering Sonic, I was using AT&T DSL. It was slow, expensive, and sometimes unreliable. I am disabled and on a very limited budget, so price is a big deal to me. All my neighbors were raving about Sonic, so I took their advice and switched. It is less expensive than any other provider I've found, the fiber network connection is much faster, and the customer service is great. I especially want to support a local company. I am so tired of having my choices in nearly everything dictated by huge corporations!! Please support Sonic and don't let AT&T bully this terrific local company into raising our rates and making changes that will negatively affect us customers. Thank you.
